

Northern California Minority Junior Golf Scholarship Association

Founded July 1990, by Willie L. Simmons, Jr. & Family, the *Northern California Minority Junior Golf Scholarship Association, Inc. (NCMJGSA)* is a not-for-profit corporation. May 1991, the corporation received tax-exempt status under the United States Department of Treasury Internal Revenue Services Section 501 (C)(3).

Vision

- To provide an opportunity for minority youths from diverse backgrounds and cultures to be exposed to and learn the great game of golf through a structured professional training program.
- Award collegiate academic scholarships and financial assistance to deserving students who demonstrate a desire to achieve higher academic excellence.

Mission

Our mission is to enrich not only the lives of minority, underprivileged, and at risk youths, but all youths in the Greater Sacramento Metropolitan Area by exposing them to positive social experiences that promotes character development and inspirational values through a collegiate academic education and the wonderful game of golf.

Goals

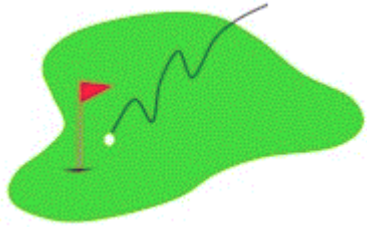

- Research, identify and obtain resources and revenues that will allow the corporation to continue to support its programs.
- Network with local, regional and national organizations to promote the development of academic education and youth golf programs, projects and activities.
- Continue to obtain the instructional services of certified golf teaching professionals from the Professional Golf

Association of America (PGA), Ladies Professional Golf Association (LPGA) and the United States Golf Teachers Federation (USGTF) for our education and golf training programs.

- Annually, increase the number of youth participating in our junior golf programs.

Achievements

- Awarded United States Golf Association (USGA) Foundation Grants – 1998, 1999, 2000 & 2001.
- *NCMJGSA's* junior golf programs are recognized as one of the top youth & education junior golf training programs funded by the PGA, Northern California Golf Association (NCGA) and USGA Foundations.
